News from the Battery Ventures private-equity group

JULY 2017

Welcome to the latest edition of Charged Up, a quarterly newsletter from the private equity group at Battery Ventures. The group is an active, global investor in the software and industrial-technology sectors, helping companies grow organically and through acquisitions. In Charged Up, we regularly share news about our portfolio companies, exits, team and other activities.

## **In May Battery completed its acquisition of Concurrent Real-Time, previously a business segment of Concurrent Computer Corporation (NASDAQ: CCUR)**

The transaction creates a new, independent operating business focused on delivering real-time software and systems--technology that powers applications or simulations with mission-critical performance requirements, including those serving industries such as aerospace, defense, automotive, energy and finance. Battery General Partner Russell Fleischer and Battery Vice President Jordan Welu have joined the board. [READ MORE](#)

## **Battery's Forterro buys Clip Industrie**

Forterro, making its sixth acquisition of a European, mid-market ERP company, in June acquired Clip Industrie (Clip), a French supplier of ERP software to small to mid-market manufacturers of industrial products. The acquisition furthers Forterro's strategy to champion a wide variety of ERP solutions for a diverse set of markets. [READ MORE](#)

## **Battery portfolio company Clearcare acquires Hometrak**

In April, ClearCare, a SaaS and mobile platform for home-care agencies, announced its acquisition of HomeTrak, a provider of private-duty, home-care software. The acquisition extends ClearCare's capabilities in skilled nursing, and also enhances customer-support resources for the companies' combined home-care agency customers. [READ MORE](#)
